Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

NOTE 1 - ORGANIZATION

Sligo Hills Development Corporation (the Corporation), a not-for-profit, non-stock Corporation, was formed under the laws of the State of Maryland on August 1, 1997 for the purpose of acquiring, owning, operating and maintaining 50 apartment units and 23 scattered site moderately priced units to provide rental housing for persons of eligible income under the Annotated Code of Maryland. The Corporation's dwelling units are located in various parts of Montgomery County, Maryland and are a component unit of the Housing Opportunities Commission of Montgomery County, Maryland.

The Corporation sold the 50 apartment units to Tanglewood and Sligo LP on December 18, 2012. These financial statements and notes refer to the remaining property.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of accounting and presentation

The Corporation's financial statements are prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned, and expenses are recorded when incurred in accordance with accounting principles generally accepted in the United States of America. The Corporation is solely owned by the Housing Opportunities of Montgomery County, Maryland ("HOC") and therefore, follows the financial statement format used by the Commission.

b) Cash and cash equivalents

Short-term liquid investments (including securities purchased under agreements to resell) with original maturities of less than three months are considered to be cash equivalents. The Corporation considers the reserve for replacement fund and tenant security deposits as cash and cash equivalents.

c) Accounts receivable and allowance for doubtful accounts

Accounts receivable are stated at outstanding balances net of allowance for doubtful accounts. Accounts deemed to be uncollectible are charged against the allowance and subsequent recoveries, if any, are credited to the allowance. The allowance for doubtful accounts is maintained at a level considered adequate to provide for losses that can be reasonably anticipated. Management's periodic evaluation of the adequacy of the allowance is based on past experience, aging of the receivable, adverse situations that may affect a tenant's ability to pay, current economic conditions, and other relevant factors. For the years ended June 30, 2018 and 2017, there was a balance of \$1,017 and \$0, respectively, for the allowance for doubtful accounts.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

d) Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e) Property and equipment

Property and equipment, including major improvements, replacements and betterments are capitalized and stated at cost. The assets are depreciated on the straight-line method over the estimated useful lives of the respective assets, as follows:

Building 40 years Building renovations 10 years

The Corporation's policy is to capitalize property and equipment expenditures of \$5,000 or more. Maintenance, repairs, and minor renewals which do not significantly improve or extend the lives of the respective assets are charged against operations when incurred.

The Corporation reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or fair value less costs to sell.

f) Rental income

Rental income is recognized as rents become due. Rental payments received in advance are deferred until earned. All leases between the Corporation and tenants of the property are operating leases with terms of twelve months or less.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Corporation receives rental subsidies from the county and state for making units available for low-income tenants. For the years ended June 30, 2018 and 2017, rent subsidies totaled \$38,201 and \$40,524, respectively.

h) Income taxes

No provision or benefit for income taxes has been included in these financial statements. The Corporation is not subject to tax under Internal Revenue Code Section 115.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Corporation to report information regarding its exposure to various tax positions taken by the Corporation. The Corporation has determined whether any tax positions have met the recognition threshold and has measured the Corporation's exposure to those tax positions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. The Corporation's federal income tax returns for the tax years 2015 through 2017 generally remain subject to examination by the IRS, generally for three years after they are filed.

i) Advertising costs

The Corporation's policy is to expense advertising costs when incurred.
